

Secret 33 SE

electric ferry

a sleek solar-electric launch
comfortably combining
the spirit of the past with
the technology of the
21st Century

*powered by
the sun*

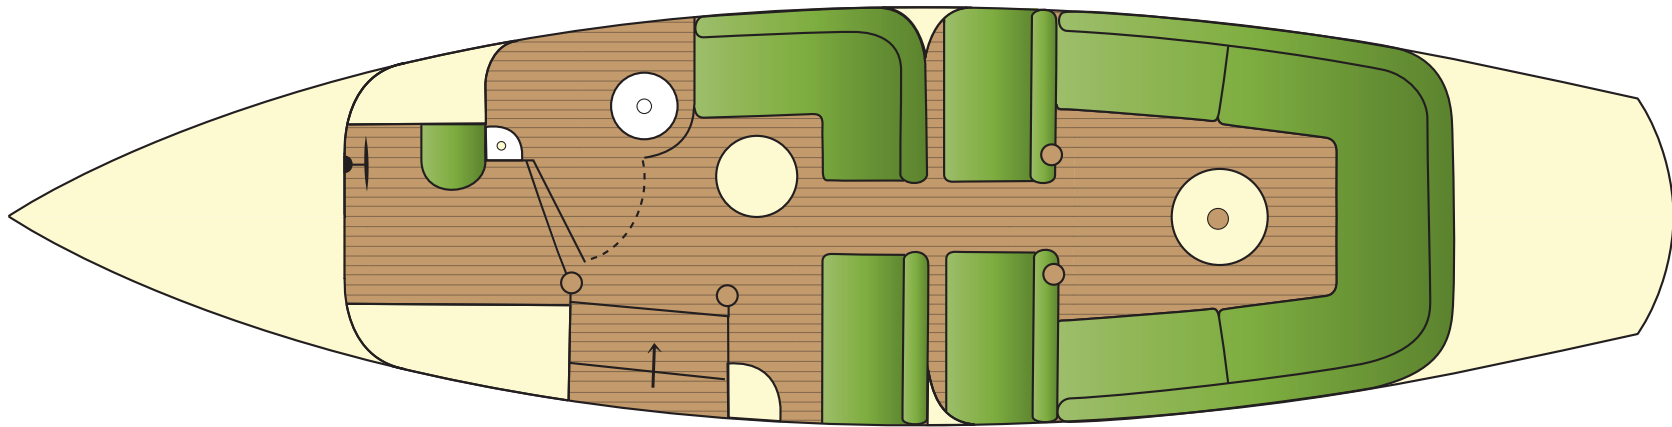

Art Deco interior

Beautiful features in a thoughtful layout. Step down to the passenger area or turn left to the helm and galley and toilet.

Comfort & style

Light and airy with large opening windows to catch the breeze and take in the view. Lovely upholstered U-shaped seating - a perfect setting for fun and photos. Removeable central table, internal spot lighting - everything you need for your day or evening voyage.
